

## Vision:

We want the children of Christ the King to know, love and serve their God for the rest of their lives.

## Mission:

Partnering with parents, we provide age-appropriate instructions and hands-on experiences to help children and youth grow as wholehearted followers of Jesus.

## From Pastor Michael

One of the greatest gifts of pastoring Christ the King has been interacting with the many children. We work hard to make them feel welcomed and a part of our congregation on every level. They worship with us. They pray with us. They fellowship with us. And they share their gifts and talents with us. If you are visiting Christ the King, expect to see our children fully engaged in services!

### **Volunteers Working with Children**

All of the adults working with the children have submitted to appropriate

background checks as required by law.

Supervision of children is closely monitored.
